Situation Report

Severe Storms

April 11, 2006 4 p.m.

CURRENT UPDATES IN BOLD-FACE TYPE

PLEASE NOTE—Individuals needing assistance should first contact the **FEMA** Help Line to Register – **1-800-621-FEMA (3362)**. The line is staffed from 8am-6pm, 7 days/week.

Situation:

State and Federal officials continue to assist persons affected by two storm-related disasters with recovery efforts. A total of 40 counties have been designated for some form of federal assistance under various programs administered by the Federal Emergency Management Agency (FEMA).

Individual Assistance (IA) programs (assistance for individuals, homes, and businesses) are now available for people in a total of 38 counties statewide. IA has been made available for damage from storms that struck during March 30-April 3 in one county (Pemiscot). IA has been made available for damage from storms that struck during March 11-13 in 37 counties (Bates, Benton, Boone, Carroll, Cass, Cedar, Christian, Cooper, Crawford, Greene, Henry, Hickory, Howard, Iron, Jefferson, Johnson, Lawrence, Lincoln, Mississippi, Monroe, Montgomery, Morgan, New Madrid, Newton, Perry, Pettis, Phelps, Putnam, Randolph, St Clair, Ste Genevieve, Scott, Saline, Taney, Vernon, Webster, Wright).

Public Assistance (PA) programs (assistance for local governments and qualifying non-profit organizations) are now available in a total of 10 counties. PA Categories A (Debris Removal) and B (Emergency Protective Measures) has been made available for costs associated with storms that struck during March 30-April 3 in three counties (Andrew, Pemiscot, Pettis). PA Categories A & B has been made available for costs associated with storms that struck during March 11-13 in seven counties (Bates, Christian, Howard, Jefferson, Monroe, Montgomery, Washington).

The Federal Army Corps of Engineers continues its initial assessment on a mission to provide temporary housing to displaced people in Pemiscot County. On Saturday, a meeting was held between State and Federal officials on the need for housing in the county (including Caruthersville, Braggadocio, and Deering). Joint damage assessments identified over 500 homes that were either destroyed or suffered major damage. Local agencies have identified approximately 50 available rental units in the tri-state area. FEMA has activated a \$5 million pre-scripted "temporary housing" mission assignment for the Corps of Engineering (USACE). This mission assignment is 100% federally funded. The Corps of Engineers estimated that it would take 2 to 3 days to complete the initial assessment.

PA Applicant Briefings are scheduled to begin on Tuesday, April 11, 2006. Applicant Briefings allow representatives from local governments and qualifying non-profit organizations an opportunity to learn about the PA program and gain a better understanding on costs and work that could potentially be eligible for Federal assistance.
